Undoubtedly the only kind of beauty worth having, comes from a clear healthy skin. Red, rough, pimply skins—skins that itch and burn—those that are subject to abrasions of an embarrassing character, can usually be treated most successfully with Resinol Ointment.

Skin troubles are often the result of neglect. When your skin regains its natural beauty, keep it clear and healthy with Resinol Soap. At all druggists.

## D. B. HEARD TO DELIVER MEMORIAL ADDRESS

Memorial day for Theodore Roosevelt in which the entire country will take part on Sunday, February 9, likewise will be observed in Phoenix. In many of the churches of this city on that morning services in honor of the former president of the United States will be held.

In the death of Theodore Roosevelt, Arizona feels a particular loss as that remarkable man in his numerous visits to this state had been drawn close to the people of this new commonwealth. Memorial services also will be held Sunday evening at the First Congregational church. At that service Dwight B. Heard will deliver the Roosevelt memorial address.

Mr. Heard was a personal friend of Mr. Roosevelt, having been intimately acquainted with the former president for years. Each time on his numerous visits to Phoenix Mr. Roosevelt was a guest at the Heard residence.

## R. R. TO SHUT DOWN BECAUSE MINE QUIT

The Arizona and Swensen has been granted permission by the corporation commission to suspend operations upon 48 hours notice, after moving all accumulated freight to the mines. The Arizona and Swensen is a little road that wanders up to Swensen from Bouse, a distance of 22 miles. Its sole reason for existence is the Swensen mine, which has been shut down.

This mine, it will be remembered, was financed mostly in France and Belgium, before the war, and after a time was leased to J. Ross Clark and his associates. The mine yielded a reasonable profit, it is said, until the general order for the railroads to raise their rates went into effect, when order absorbed the profits and caused the mine to close down, also the railroad.

## YOUNG WOMAN OPENS DESERT REST RESORT

Mary Topole, the charming Russian-American who has been before the public in various interesting lights, has become manager of an idyllic desert resort in Paradise valley. The clever young woman has opened a Homestead Rest Resort with instructions sufficient to make it popular with those in search of peace and quiet in comfortable surroundings.

Believing the call of the desert is inside to hundreds of people, Mrs. Topole has located her place twelve miles from the city, far enough away to be isolated, and yet not too far distant to make a motor trip to town then after a short time.

A number of well-known easterners already have registered at Homestead, among them in Brigadier General Fred T. Austin, who plans to remain there for several months.

## AMERICAN SLANG BAFFLED HUN SPIES

Arthur Bartlett Maurice, the last American delegate of the relief commission to enter Belgium prior to our declaration of war, tells in his book "Bottled Up in Belgium," an interesting story of the difficulties of the American relief workers, holding any sort of conversation with the fear of the ever-present German spy. Says Mr. Maurice:

There existed hardly a domain of language which was a trackless country, a No Man's Land, for anyone not trained in its by-ways, its pitfalls, its quagmires. English would not do. There remained, for the baffling of inquisitive ears, the vast, rich range of American slang. On that ground we felt we were safe.

To illustrate, I had just heard that a German in the United States had made an attempt upon the life of the president. It was at a time when every event of the kind was making our participation in the war more certain. How the news leaked in I do not know. I shall never know. That was the peculiarity of news in Belgium. You heard the rumor but you could trace it to no apparent source.

In the butcher shop were serving German officers. Entered Sperry of California who had just returned from a trip to the provinces, and would be likely to know nothing of the report. It would be better if he were informed before reporting at the press bureau. The information was coded and the dialogue ran somewhat as follows:

"Nix on any of these stangled Del-

[Republican A. P. Leased Wire]  
WASHINGTON, Feb. 7.—Without debate the senate today adopted the resolution of Senator King of Utah, democratic, which received the approval of the foreign relations committee and in which Acting Secretary Tolp acquiesced, calling on the state department for information regarding steps taken to settle American claims growing out of the Mexican border depredations.
